INCREASE YOUR IMPACT

The Foundation is offering an exciting opportunity to extend the reach of your philanthropy. With this match, you not only receive matching dollars into your own DAF which you can grant to charities of your choice, but you will also help the Foundation build our ability to respond to needs and opportunities in our community.

HOW IT WORKS

We Match 6%

of your contribution to your new or existing DAF, split 50/50

3% | deposited directly
into your DAF

Use these funds to support your favorite casues and organizations.

3% | added to CCF's new
Responsive Grantmaking Fund

This fund allows CCF to respond to current needs and opportunities in the community. Learn more at the website below.

TAKE ADVANTAGE OF THIS OPPORTUNITY IF...

You've been interested in opening a DAF but haven't found the "right time" to do so.

You are looking for a mission-oriented DAF provider who knows the issues and opportunities in the local community.

You want to become more strategic in your giving. A DAF is a great way to start thinking more intentionally about your giving and the Foundation has resources to help you.

You want to get your children more involved in philanthropy.

For young children, you can have family conversations about where you should direct some of your grants.

For adult children, consider giving them a DAF for Christmas/their birthday and give them the gift of philanthropy this year.

You want to bunch multiple years of donations into a single year to take advantage of the standard deduction. Read this article to learn more about bunching: <https://tinyurl.com/336f9ee3>

You already have a DAF with a commercial fund, but you want to work with an organization that will partner with you on your philanthropic journey and provide personalized services/recommendations.

You can simply transfer some or all of your existing DAF to the Foundation to open a DAF.
